I just wanted to say thank you to an undoubted expert in the field of leather refurbishing; whose customer service is second to none. You have brought back to life a very sad looking 15 year old cream leather suite to almost its original condition, even the puncture marks at the front, made by the cats are gone! You have also saved us a great deal of money as we have not had to purchase another settee. Many thanks from a very happy and satisfied customer.

Kind regards

Pauline Tweddell

The leather seats in my mercedes were cracked and very tired looking. One of the seats had a tear. TLC have made them look brand new. The rip is invisible- it's like I've just driven it off the forecourt- many thanks. I will definitely recommend you to friends.

Dear John (TLC Leather Care),

As you are aware I have had my chesterfield for over 15 years, and the cushions were well worn, making it look very shabby. I tried several places who were unable to help me, even to the point of getting new cushions made at ridiculous quotes.

I had just about given up, and was looking for a new one, which I found the leather to be not as the same quality. So when TLC Leather Care was highly recommended, I thought that I may as well give you a try, and I can't thank you enough, I can't believe the difference, my chesterfield looks like new again. All the cracks and missing leather has been repaired to a high standard.

I would highly recommend TLC Leather Care, thank you once again.

Kind regards

Mary Newton

Below are the chesterfield cushions both before and after restoration.

Customer (Business Innovation Centre)

TLC Leather Care recently repaired a sofa situated in our central atrium. Because of its location, the team worked around my requirements. As for the repair, you cannot see where the damage was originally therefore an excellent piece of work.

Hi John

Just a quick note to say thanks again for the wonderful job you did on my chairs. Hope the below is ok. let me know

For your website:

Thanks to TLC who have saved me a fortune as I don't have to buy 6 new chairs they changed my brown leather dining chairs to black to match my new decor saving me a good £800. Have even sent my leather Radley bag to be done as it was scratched and scuffed it now looks like I've just bought it. Thanks again Christine Farrage
